CREDENTIALS & COMMUNITY COMMITMENT

LOCAL FOCUS

Synergex Project Services is committed to the growth and continual improvement of local communities.

Synergex is proud to be a sponsor of the Australian Police Rugby Team

The Australian Police Rugby Union Team is part of the Australian Police Rugby Union, a volunteer, not-for-profit organisation dedicated to promoting the sport of rugby union and building camaraderie among serving police officers from across Australia.

It was first established in 1998 with the aim of bringing police representatives together on the rugby field and fostering connections with other police and rugby communities worldwide.

The team undertakes tours and fixtures, including international tours to the UK, Ireland and Fiji, where they compete against other police rugby sides.

At home, the Australian Police Rugby Union hosts biannual National Championships, where police teams from across Australia compete in a formal tournament environment.

Participation brings together serving officers who share a love of rugby and reinforces teamwork, mutual respect and sporting spirit within the broader law enforcement community.

VETERAN BACKGROUND

Founded by military veteran Gary Wicks, Synergex Project Services operates with strong leadership, structure and accountability developed through service.

These values underpin our approach to project planning, coordination and delivery, ensuring clear communication, effective stakeholder management and dependable outcomes.

LOCAL BUY PRE-QUALIFICATION

Synergex Project Services is proud to be a Local Buy pre-qualified supplier, reflecting our commitment to doing business the right way.

This approval confirms that our systems, experience and governance have been independently assessed and meet the high standards required to support local government and public sector projects.

Being Local Buy approved:

- Makes it easier for councils and approved organisations to engage Synergex directly through a compliant procurement pathway, without unnecessary red tape
- Confirms that our technical capability, financial stability and management systems have been independently reviewed and approved
- Reflects our commitment to delivering real value, operating ethically, protecting the environment and supporting local industry
- Ensures our services are visible and accessible to councils through trusted procurement platforms
- Demonstrates our ongoing commitment to maintaining current insurances, compliance documentation and quality assurance systems
